

April 15, 2012

Dear Homeowners of Camella I & II, St. Michael and Mother Earth,

Subject: Las Pinas Friendship Route

The officers of the homeowners associations of Camella Homes I & II, St. Michael and Mother Earth held a meeting on April 14, 2012 to discuss common concerns, particularly security and safety, regarding the Las Pinas City Friendship Route passing our subdivisions that was officially opened on March 12, 2012 from 5:00 AM to 10:30 PM and everyday thereafter. The following were agreed upon in the said meeting:

1. Only vehicles with stickers of Camella Homes I & II, St. Michael Subdivision and Mother Earth Subdivision and those with Las Pinas City Friendship stickers will be allowed entrance at Mother Earth gate and the new bridge connecting Camella and Happyville.
2. Vehicles of visitors without the above mentioned stickers will be allowed entry provided the driver surrenders his/her license to the guard who will issue him/her a vehicle pass.
3. Since the friendship route is opened only from 5am to 10:30pm, vehicles with Friendship stickers but **without stickers of either Mother Earth, St. Michael or Camella I & II** will not be allowed entry at Mother Earth gate from 10:31 PM to 4:59 AM. The gate at the Camella bridge is permanently closed/locked at this time.
4. Pedestrians, motorcycle riding and bicycle riding individuals shall be challenged by the guards at Mother Earth and Camella bridge to ensure that they are residents of the communities mentioned above or visitors with legitimate business with our homeowners. Otherwise, passersby will not be allowed for security and safety reasons. It is already common knowledge that petty crimes are being committed in our subdivisions by pedestrians, motorcycle and bicycle riding individuals and we cannot be complacent.

We appeal to you, fellow homeowners, to extend your utmost cooperation in the implementation of these rules which are meant to protect our community, property and our family from unscrupulous elements. If you have any complaint in the manner the guards implement these rules, please bring it to the attention of your respective homeowners association. Please do not bully the guards who are instructed to do their jobs, to avoid confrontation.

To those who have the Las Pinas City Friendship sticker but have no sticker yet of either Camella I & II, St. Michael or Mother Earth, please secure your respective vehicle sticker to be able to enter Mother Earth gate from 10:31 PM to 4:59 AM. This will be strictly implemented starting May 1, 2012.

Thank you.
